

UMKC Department of English
FOREIGN LANGUAGE REQUIREMENT

The Department of Foreign Languages at UMKC has notified us of its policy regarding certification of language skills as equivalent to the completion of two years of university-level foreign language study (required for M.A. in English).

This requirement can be met at no expense by arranging to take a 221-level final examination at the regularly scheduled time for such an examination.

The requirement can be met at other times by arranging for a regular faculty member in the Department of Foreign Languages to administer such an examination at a special time. In this case, however, the charge for such an ad hoc examination and certification will be \$100, payable to the individual foreign language faculty member.

Laurie Ellinghausen
Director of Graduate Studies
