To receive college credit for an internship:

1) The student should contact and discuss with their preferred sponsored faculty in the semester prior in which the semester will take place. Identify faculty sponsor criteria before the commencement of the internship.

2) With the sponsoring faculty member determine the amount of credit hours to be gained by the internship. Each credit hour that will be earned is equivalent to 50 contact hours of the internship. To gain 3 credit hours, approximately 150 contact hours must be achieved. This roughly amounts to 10 hours per week as UMKC semesters are approximately 15 weeks long.

3) Turn in the internship agreement and submitted to the Department Office no later than the second week of classes.

Understanding the Agreement
There are three parts to the internships agreement: student, faculty member and site supervisor. Please review and record duties/expectations associated with the internship.

1) STUDENT INTERNS RESPONSIBILITIES
   - Coordinating with faculty sponsor and site supervisor to complete necessary paperwork to begin the internship.
   - Provide a written evaluation of the internship experience to the faculty sponsor.

2) FACULTY SPONSOR RESPONSIBILITIES
   - Assigning a grade upon completion of the internship.
   - Request progress reports or schedule a site visit during the internship.

3) SITE SUPERVISOR RESPONSIBILITIES
   - Provide a written evaluation of the student’s performance in a timely fashion (no later than two weeks prior to the end of the semester).
