

MASTER'S DEGREE PROGRAM OF STUDY

In consultation with the adviser the student should initiate this application, secure the approvals indicated below, and present to the Dean or Graduate Officer for processing prior to the completion of 15 hours applicable to the degree program.

↑Name (printed or typed)
↑Current Address
↑City, State Zip Code

↑Student ID #
↑Degree Sought
↑Degree Program and Emphasis Area

Colleges and Universities attended and degrees received (give dates)

List below courses proposed for your advanced degree program. (Over and above the undergraduate prerequisites for graduate work in the special field.) At least 60% of the total number of hours applicable to the degree program must be at the 5000 level. If any of the pre-filled courses are not part of your program of study, then remove them from the list. Add other courses in the same way as those currently listed. Use appropriate abbreviations to maintain a style of one line of text per course.

Number	Title	Hrs	Grade	Number	Title	Hrs	Grade
5510	Theoretical Mechanics I	3					
5520	EM Theory and Apps. I	3					
5521	EM Theory and Apps. II	3					
5530	Quantum Mechanics I	3					
5531	Quantum Mechanics II	3					
5540	Statistical Physics I	3					
				TOTAL HOURS LISTED			
				MINIMUM TOTAL HOURS REQUIRED		33	

REQUIREMENTS	APPROVALS
Is Qualifying Examination required?	Y
Is foreign language proficiency required? **	N
** if yes, specify language:	N
Is final examination required?	N
Is Thesis required?	N
Is final Thesis examination required?	N
