

Why UMKC?

REAL-WORLD EXPERIENCE

UMKC has unique connections to a ton of businesses and internship opportunities, and we'll help put you on the path toward your dream job. We've got four years to help you launch your career, and it's not a responsibility we take lightly.

CLASSES LEAD TO CAREERS

Our students graduate with much more than a diploma. They leave with the practical knowledge, real-world experience and skills to help them land a job they love. See the proof for yourself.

DIVERSITY MATTERS

Time and time again, our students tell us how much they love the diversity on campus. Just take a walk through the Quad, and you'll experience dozens of different languages, cultures, countries and backgrounds. If you want to expand your worldview without even leaving campus, you've come to the right place.
